PARTY GAME PACK

Christmas Mad Libs

6 holiday stories • fill in the blanks • read aloud

How to play

1. One player is the Reader. Everyone else shouts out words WITHOUT looking at the story.
2. The Reader asks for each blank in order — "Give me an adjective!" — and writes the answers in.
3. When every blank is filled, the Reader reads the finished story out loud. Hilarity follows.
4. Swap Readers and play the next story. Use the word-list page if anyone needs ideas.
