BOW & RIBBON TIPS

Wrap Like a Pro

1

Classic Bow

Loop ribbon both ways, knot in the centre, fluff the loops and trim the tails on a diagonal.

2

Gift Topper Cluster

Stack three short ribbons, pinch in the middle with a twist-tie, then fluff into a pom.

3

Kraft & Twine

Wrap in kraft paper, wind baker's twine three times, and tuck a sprig of greenery under the knot.

4

Tag First

Write the tag before you wrap — then you will never mix up who gets which gift.
